WHY THIS FITS VERTEX

Built around the events you already run

Vertex brings together Brazilian-American construction leaders, investors and community voices. Your guests already know and love churrasco — we bring it to your space, done the right way.

Food that feels like home

Real Brazilian churrasco — sirloin, flank steak with chimichurri, linguíça, chicken wrapped in bacon — the menu your community celebrates with.

One team, start to finish

Food, service staff and bartenders from a single partner. No juggling vendors on event night — Vertex hosts, we handle the rest.

Ready for every format

From a 50-guest member night to a full anniversary gala, the same partner pricing applies — so planning the next event is fast.
