WHY THIS FITS VERTEX

Built around the events you already run

Vertex brings together Brazilian-American construction leaders, investors and community voices. Your guests already know and love churrasco — we bring it to your space, done the right way.

Food that feels like home

Real Brazilian churrasco — sirloin, flank steak with chimichurri, linguiça, chicken wrapped in bacon — the menu your community celebrates with.

One team, start to finish

Food, service staff and bartenders from a single partner. No juggling vendors on event night — Vertex hosts, we handle the rest.

Ready for every format

From a 50-guest member night to a full anniversary gala, the same partner pricing applies — so planning the next event is fast.

Cash bar for Vertex events

Credit on everything Vertex sends us

Every event recommended by Vertex earns a 5% credit on everything it generates — no cap — to use on Vertex's own events. A $10,000 referred event adds $500 to Vertex's event credit.

For Vertex's own events without an open bar: our **Cash Bar** service is $3.50 per guest instead of $5 (cash bar only). Vertex can also buy drink tickets at a discounted price to hand to guests who want them.

How it works: **every event Vertex recommends earns a 5% credit** for Vertex's own events, and when Vertex hosts without an open bar, cash bar is $3.50 per guest with discounted drink tickets available.

Let's plan Vertex's next event

We'd love to bring this to your next networking night or launch — and to have Comeketo as Vertex's go-to catering partner.

1. Quick call to confirm your space, guest counts and bar policy
2. Tasting with our team to choose the meats and sides
3. Lock in partner pricing for your upcoming events
